

ARC 12 KIT AND ARC 25 KIT

ARC FLASH VISOR - KIT FOR FACE AND HEAD PROTECTION 12 CAL/CM² VISOR or 25 CAL/CM² VISOR

ARC FLASH VISOR - 12 CAL/CM² VISOR (PART NO. ARC 12 KIT) OR 25 CAL/CM² VISOR (PART NO. ARC 25 KIT)

Arc Rated Visor - 12 cal/cm² or 25 cal/cm² – Kit for face and head protection against thermal effects from Arc Flash, to be used with suitable slotted hard hats. Dielectric and high temperature resistant.

Includes a chin protector for additional neck and chin protection. The bracket fits suitable slotted helmets.

Complete with dielectric hard hat and chinstrap.

Colour: Light green, with anti fog coating

Available sizing: One Size

Consisting of Three Components:

- Face shield with ATPV 12 cal/cm² or 25 cal/cm² arc rating
- Dielectric cap bracket
- Chin protector.

ARC 12 KIT (12 cal/cm²) Features

- **Face shield:** Maximises the ATPV 12 cal/cm²
- **Material:** Plastic/Chemical alloy (patented)
- **Visible Light Transmittance (VLT):** 70%
- **Protection for electrical workers up to 12 cal/cm²**
- **Standard:** NFPA 70E-2004; ASTM F2178-12 cal/cm², ANSI Z87.1Spec Application, EN166:2002; EN170

Arc 25 KIT (25 cal/cm²) Features:

- **Face shield:** Maximises the ATPV 25.0 cal/cm²
- **Material:** Plastic/Chemical alloy (patented)
- **Visible Light Transmittance (VLT):** 50%
- **Protection for electrical workers up to 25.0 cal/cm²**
- **Standard:** EN 166:2001; DIN EN 170:2002; GS-ET-29: 2010-02; ANSI Z87.1; ASTM F2178-25.0 cal/cm² & CE 1883
